DELAWARE VALLEY INTERNATIONAL PHOTO TRAVEL EXHIBITION OF PHOTOGRAPHY

CATALOG # 12

WINTER, 2010

DVCCC's Twelfth International Photo Travel Circuit.....

CHAIRMAN'S MESSAGE: The 12th Delaware Valley Photo Travel Circuit was the second time we had digital images judging. We were pleased to get entries from 30 more of you than submitted entries to the 2009 DVCCC Travel Circuit. This year we were pleased with getting nearly all of the submissions made correctly. This cut down on the E-mails that had to be generated. We have to presume that with many of the clubs having digital competitions following basically the same procedure the entry of data is easier to do for all. This year Florence Robin hosted the first competition, followed by the old standbys of Jeff Chatman, and Claire Lelli. The Council thanks them for their support. Also, a very big thanks to Claire Lelli for preparing the catalog and getting it on line. Again this year we thank the Maple Shade/Moorestown Camera Club for lending us their RMS scoring machine. Council president Ken Sichel helped in getting set up for the judging and was in charge of mailing out the medals. Again this year we used Matt Muskovac's Digital Salon Software in collecting the inputs, judging the images and preparing the reports for the Photo Travel Competition Directors. We thank him for creating such a useful digital application.

This year there were 743 images submitted of which 350 were in the theme category reflecting structures made by the people of the world. The entries came from 22 different countries, a slight increase in the number from last year. This year 64% of the entries came from overseas. There were substantially more entries from the UK this year than we have seen previously of either slides or images. Again, using CDs we were able to show the results of the exhibits to more of the Council's local camera clubs. We have been pushing our local camera club members to enter the circuit. We were pleased with the results this year was a larger number than we have seen before. Thank you for submitting your images. It is rewarding to see pictures of people all around the world.
